

ANTOINE PICHARD

Product Designer

I'm currently looking for a permanent position as a Product Designer or UX/UI Designer.

As a designer, I am committed to create innovative, user-focused interfaces with great emphasis on detail.

Paris, Île-de-France

01 EXPERIENCE

UX/UI Designer

MAY 2022 - OCT 2023

Apprentice at OnlyOne - FinTech Online Account

I did competitor monitoring and conducted user testing to develop new features.

I redesigned screens with new components that I made by myself but also using the design system, native iOS and Android components.

I also did motion design and participated in the creation of the new brand identity and logo.

UX/UI Designer

SEP 2021 - MAR 2022

Apprentice at ERA 2140 - Digital Agency

Design of websites focused on NFT collections, blockchains and the Metaverse.

I contributed in briefing and presentation meeting to propose convincing proposals to clients.

I performed 3D modeling, illustrations, and logo design.

Visual communication manager

NOV 2020 - TODAY

Volunteer au club ASCECK

I design posters for the tournaments organized by the association and post on social media for the events.

UX/UI Designer

JUL 2020 - SEP 2021

Apprentice at Jac'Em Interim

UX/UI Design, Project management for website redesign, test documentation, and functional validation
